### Bond Bids Opened.

Washington, Feb. 5.—The Secretary of the Treasury today opened his bids for the purchase of \$100,000,000 worth of United States bonds, received under his call and dated January 5th last. The bonds are redeemable in coin and will be issued in denominations of \$50 or multiples of that sum as desired by the bidders. At 9 o'clock this morning the force of clerks in the Loans and Currency division began opening and scheduling the bids.

The clerks were not allowed to leave the room until the time for receiving the bids closed, so that by no chance could any information regarding the bids be prematurely disclosed. The bids were announced from a schedule already prepared in the Secretary's office, where a large number of bidders and representatives of the press had gathered.

At 12:45 p. m. Cameron Eckels of the Committee announced that up to this time there had been received 3,797 bids, aggregating \$389,232,500, ranging in price from par to \$119 and a fraction. Other bids, not yet opened, would probably raise the number to 4,500, aggregating \$76,000,000.

Joseph Pulitzer bid for \$1,000,000 at \$114. In a note accompanying the bid Pulitzer says: "This bid at the highest of today is in lieu of the offer of the New York World to head the list with a subscription of \$100,000,000 to a popular loan on the basis, which was not adopted, of an open subscription at a fixed at equal rate."

J. Pierpont Morgan, Harvey Fisk & Son and the Deutscher Bank of Berlin, as a syndicate, bid for \$100,000,000 at \$119.6878. Up to 1:40 p. m., 4,640 bids for \$784,269,850 had been opened.

Comptroller Eckels announced that a bid for \$100,000,000 from a doctor in Michigan and one for \$16,000,000 from some one in Texas were regarded as bogus, and that the total of \$684,369,850 would be reduced by the amount of these.

### Went Ashore.

Port Townsend, Feb. 5.—The British ship Kilbuckannon from Calaca went ashore on Point Wilson, near Port Townsend, at 3 o'clock this morning, and will probably be a total loss. She came up the straits before a strong northwest wind and struck near the lighthouse, all the sails going by the board.

The ship went over on her starboard beam and the seas breaking clear over her. An attempt was made to launch two boats but they were carried away. Tugs were sent out but could render no assistance.

The British ship Amembod, from Japan, arrived this morning. She was long overdue and great fears were expressed for her safety.

### Political Denial

Washington, Feb. 5.—It is understood, Inter-State Commerce Commissioner, denies the report that he sent the Illinois Democrat the tender word that the free silver idea must be abandoned or that he would refuse to be a candidate for the Democratic Presidential nomination.

### Crushed Between Cars.

Elkhart, Ind., Feb. 5.—Dave Evans, employed by the Lysle Coal Works, was caught between two cars at the mines and instantly killed. He was 17 years old.

Imitation is the sincerest form of flattery. Since Oleovich Bros., reduced prices on dry goods other have imitated and followed, but they'll never catch us. We propose to keep in front and give values that no one can equal. We have reduced the prices on silks, and offer fine China silks red, pink and blue 28 inches wide at 40 cents per yard. Other things in proportion.

## TIMES CHANGE ALSO PRICES.

Do you realize this. Do you know what made it. It was not the old time grocers who showed the people the value of a dollar, but new blood forced new prices to the front and showed the people where they were at.

We did not have to reduce prices to meet them *they came to our price.* This is our claim. We only want you to know where the credit belongs and deal accordingly.

We changed with the times, not after them, and our groceries are sold for modern prices.

L. H. BELL, Grocer.
